What's next after graduation?:

Fresh graduates need to face a number of problems when they enter in the job market. One of the biggest challenges before them is finding the right job as per their interest and qualification. The jobs they are finding may either below their skills or not par with their academic excellence. Getting a first job is very difficult. The salary for fresher graduates is also very meagre.

Getting graduation from a prestigious university is not a simple thing. You may land in disappointments very easily if you do not get a job depending on your qualification. Some are very lucky to get an enviable job in the beginning of their career life. But some have to struggle for years to hit with the right one.

An enviable career in your professional life is determined by the course you have taken during your student life. It is also decided on the basis of your performance during this period. Therefore, self assessment is always beneficial for finding the right career. You should also find out what you really want in your professional life. You should be very clear whether you need a good salaried job or one which gives you maximum satisfaction. The primary objective of The Career Center Limited is to enable students to attain both these objectives.

This is the era for professional courses. And simple graduation may not be enough to get a good salaried job. Therefore you can consider the period graduation as a turning point in your life. This is the time to decide what you want. It is also the time for determining what you want to be.

We all are growing up with dreams of some specific jobs. But all of us may not be aware about how to achieve those goals. Besides helping people to find their dream jobs, The Career Center Limited is also engaging in guiding the students to select their dream courses and the ways to get in to those courses.

Prepare for Interviews with The Career Center Limited:

Attending interviews is a nightmare for most of the students and graduates. The situation is not different for people who have highest professional degrees. The Career Center Limited empowers students and graduates for facing interviews confidently and fearlessly. You are afraid because you do not believe in yourself. You must know your strength and weaknesses. This knowledge is inevitable for improving

yourself. Most of the students are not ready to know their bad qualities or their weak points. The result will be the repetition of mistakes throughout their life. They cannot achieve enviable position in their life even if they have highest academic qualifications. Inculcating values in life is also equally important. We, at The Career Center Limited are doing the same for the job seekers.

The Career Center Limited teaches you to speak confidently and face interview board confidently. You must be aware that no one in this world is perfect. The degree of knowledge may vary between persons to persons. But nobody knows everything. That means there is some imperfection in all of us. The Career Center Limited is also trying to make the student aware about these things. However, at the same time, they must respect the interview board members.

The Career Center Limited conducts mock interviews for students and graduates for alleviating their tensions and infuses them with confidence. The company has greater experience in handling thousands of employees for getting jobs in big and small companies all over the world. So, the company can give proper guidance to the students regarding this. We are also able to provide you information regarding the do's and don'ts in interviews. You should also keep some etiquette for attending interviews. The culture in educational institutions and working place is different. You must understand it when you are planning to search a job. The Career Center Limited is led by a team of highly experienced professionals and they are able to give you the right advice in this regard. The Career Center Limited helps you to find answers for a number of questions such as Why did you choose the career for which you are preparing?, Why did you choose the career for which you are preparing?, What do you consider to be your greatest strengths and weaknesses?, How would you describe yourself?, What motivates you to put forth your greatest effort?, Why should I hire you?, etc.

How to write an impressive resume?:

Writing an impressive resume is the primary step for getting the right job. You may be attending a campus interview or a job interview. A resume is also needed for applying for any new job. Your resume should not be over crowded with data. If you are not aware about preparing an impressive resume, don't worry, The Career Center Limited is here to help you.

Your resume should be simple and attractive. It should give a clear idea of what you are, your knowledge and experience. A resume should not be of more than 2 pages. The resume must be accompanied by a cover letter addressing the company or firm in which you are applying for a job. Only relevant details should be included in a professional resume. Irrelevant details should be avoided.

Your resume must contain your name, address and all the contact information like address, mobile number and email address. You should also mention your educational and professional qualification in detail. It looks more professional if you provide the details of your educational and professional qualification in a paragraph format than in table format. Use bullet points to describe your qualification. Do not write lengthy paragraphs. Write the most important qualification first.

Resume for freshers and experienced candidates are different. The Career Center Limited provides you complete support in preparing an impressive resume by incorporating your skills, strength and interests.
